- Integrating GBV Prevention Intervention in Pakistan School Safety Framework 2017
- Additional Chapter/ Toolkit on "GBV, Bullying & Psychosocial Support in Pakistan School Safety Framework 2017
- Climate Change Adaptation Toolkit

ADVOCACY/COMMUNICATION

- NDMA Documentary 2016
- Documentary on Vulnerable Groups 2017
- Documentary on PSSF 2017
- Posters on Fire and Flood 2016
- Jingles on Earthquake and Flood 2016
- Storybooks on Flood and Fire 2016-17

CHALLENGES

- Lack of awareness/understanding of policies and frameworks regarding DRR & DRM
- Limitation of resources
 - Lack of economic strength for investment in disaster preparedness.
- Limited coordination among all stakeholders
- Unstable Political situation of country
- Inadequate data and assessment studies

RECOMMENDATIONS

- Coordination mechanism among all stakeholders need to be improved
- Intensify support for environmentally sustainable growth
- Strengthen the resource allocation
- Monitoring and Evaluation process should be improved.
- Develop a more systematic process for replicating or scaling up the most successful projects.
- Need to improve the existing Capacity building mechanism
